De Gravelle, Sr., To
Direct June Dairy
Month Activities

Robert E. DeGravelle, Sr., prominent community and civic leader of Kiln, will direct June Dairy Month activities in Hancock County this year. This annual nation-wide event seeks to increase the sales and consumption of milk and other dairy foods.

The dairy industry of the United States is a ten billion dollar industry, the largest agricultural industry.

The American Dairy Association is spearheading the promotion on a national basis.

Each of the 48 states, many counties and communities will actively support the event which promises to be the year's greatest and most extensive promotion for dairy products. Fifty-six counties in Mississippi have already made plans for outstanding promotional activities.

The nation's 19 million dairy cows are producing over 124 billion pounds of milk annually. This is enough milk to supply each person in America with over 700 pounds per year. We are now consuming approximately 690 lbs. per person. This surplus can and should be consumed.

The state June Dairy Month organization is as follows: State chairman J. S. Pearson, Jackson; Secretary, E. D. Martindale, State College; Women's Activities, Mrs. Gordon White, Bailey; Dairy Princess Activities, Mrs. Bobby McCollum, New Albany; and Coordinator, Sam H. Gunter, Jackson.

ue baseball program for the general community. Each team will be sponsored by a local business organization, or individual.

Plans are to obtain volunteer personnel to coach and manage the various teams. The league is scheduled to start June 1st and continue through August. Anyone interested in sponsoring a team, donating equipment, or assisting in the program in any way is urged to contact Lionel Selier, Chairman, or any member of the committee consisting of Larry Mauffray, Dr. Frank Schmidt, Don Luxich, Sidney Woods, and Andre Arceneaux.

"THE AMERICAN FLAG AND WHAT IT MEANS TO ME"

On looking at the American Flag I see a representative of our country's ideals. I consider it our flying Constitution, Liberty, Freedom, Justice... without these the flag would have no meaning; the United States would no longer possess those qualities which are her most cherished characteristics, the blue of the union reminds one of the courage and valor of those early Americans who fought and gave their lives for the standards which are now the basic of our way of thinking. Purity is reflected in the six white bars...

Foremost in my impression of the Flag is my sincere appreciation of the standards of my country and of those who have, through the years contended to uphold them. Every American family, institution and organization should have in its possession, and proudly display, our country's flag. By flying the Flag we demonstrate our faith in the organization of the United States government and express our gratitude to those who have defended it. The Flag should be flown particularly on National holidays and every day of the year, if possible. In no better way could we, as Americans, verify our respect for the Flag. Those who own American flags

ANNUAL BANQUET OF
TEACHERS ASSN. HELD
MONDAY, APRIL 25

The annual banquet of the Hancock County Teachers Association was held Monday, April 25, at Haverly's Restaurant in Wayland.

President Oscar Breland called the meeting to order. In the election of officers which followed, these members were elected by acclamation to serve for the 1960-61 term: Mrs. George Curet, President; Mrs. Donald Caldwell, Vice-President; Mrs. G. S. Kennedy, Secretary-Treasurer.

The blessing was offered by Mr. Joe McCulloch.

Mr. K. G. McCarty, County Superintendent of Education, pledged himself to the betterment of education in the county with the goal of making this the best county in the state in education.

Mr. Breland introduced Dr. Jessie Wall of the Department of Education and Psychology at Mississippi Southern College. Dr. Wall spoke briefly on the new program at Mississippi Southern leading to a doctorate in education and psychology. In her address, which she titled "So Little Time, or Take Time To Teach," she mentioned some time saving devices which might be used in the classroom to permit the teacher to have more time to teach. Among those suggested were elimination of the formal roll call, management of lunch tickets by sixth grade students as an arithmetic problem, writing program for the day on the blackboard, organization of materials so that children can handle their distribution and collection, gear teaching to the fastest pupils, simplification of record keeping, and a comprehensive evaluation of the school's and the Teacher's program. She repeated in closing, "We don't have time enough to waste in school."

There being no further business, the meeting was adjourned. Those in attendance were: Bay High; Supt. and Mrs. J. D. McCulloch; Principal Donald Caldwell; Mrs. E. G. Harriel; Miss Mildred McCurley, Miss Julia

should be mindful of several pertinent rules of etiquette, governing its display. Never should the Flag fly in inclement weather or be subject to any mark of disrespect, raised briskly and lowered gently, it is necessary to be careful to prevent the Flag from touching the ground or floor; only under certain specified conditions is it to be flown at half mast; no flags should be flown above that of the United States ordinarily and it should always be to the right of other flags; when exhibited, the union should be at the peak of the flag pole and the Flag allowed to fly freely.

Gazing at the Flag flowing in the breeze, I can feel nothing but pride abounding within me. When I think of everything the Flag stands for and what it means to me, I can hardly suppress a desire to exclaim, "America is my Country and I am ever proud of it."

Apparel Industry Making
Effort To Meet
Number One Problem

The apparel industry, America's fourth largest employer, is making an all-out effort to meet what it considers the industry's "number one problem"—the ever increasing flood of apparel imports from low wage countries. Speaking for the Apparel Industry Committee in Imports, Chairman Donald Cooper, specified three particular goals: Congressional relief, full cooperation with other industries confronted by the same threat, and further broadening of the Committee's support by apparel associations.

"Probably no industry in America is more competitive than the apparel industry," Mr. Cooper said, "but we cannot compete successfully with foreign producers who are paying their workers much lower wages. With the help of Congress, this industry and others confronted with the same problem won't have to make the unhappy choice between going out of business or going abroad to produce."

At the present time, the Apparel Industry Committee on Imports is lending its full support to the wage equalization principle contained in the so-called "Keating bill." Mr. Cooper added, however, that the Committee will support any Congressional measure which faces up to this problem squarely and contributes to its solution.

Mr. Cooper regards the support given this legislation by major segments of labor as especially significant. "It is logical," he asserted, "that labor should join in this effort. Hundreds of thousands of jobs hang in the balance."

At the present time, Mr. Cooper said, the Committee was supported by seven of the major apparel industry associations. "And we are confident," he added, "that it will be only a matter of time before every major organization in the industry is participating wholeheartedly in this effort."

Mr. Cooper is Executive Vice President of the Imperial Shirt Company and President of the National Association of Shirt, Pajama & Sportswear Manufacturers in New York.

of the last meeting. Mrs. M. Shadoin gave the treasurer's report.

An inspirational message from the president of the state organization, was read which urged the women to exert all efforts towards the unlimited capacity which each woman possesses in dispensing comfort and joy in hospital work, as well as towards their families, friends and neighbors.

Mr. T. Logue, Hospital Administrator, told the women of the part he wished them to take in the Dedication Services on Saturday afternoon, May 28th, at which time the Hospital will be opened to the public and a tour will be conducted for the public to view the wonderful facilities which Hancock General Hospital will offer.

Mr. Logue requested the Auxiliary to provide 24 chairs for use in one of the lounges, and also a desk and chair for use of Auxiliary members who will be doing

Hell Bent For Leather Opens At A&G Theatre Sunday, May 7th

Vividly sketched film portrayals by stars Audie Murphy, Patricia Farr and Stephen McNally, plus a compelling frontier story of the 1870's have been artistically combined by Director George Sherman and producer Gordon Kay in the filming of "Hell Bent For Leather" which opens Sunday at the A & G Theatre.

The highly-entertaining net result of the combined qualities displayed by the stellar performing cast and the "men behind the cameras" is one of the most suspenseful Western stories to date.

Filmed from a screenplay by Christopher Knopf, "Hell Bent For Leather" pits Audie Murphy, in the role of a wandering cowboy who is mistaken for a wanted murderer when he wanders into the frontier town of Sutterville, against a ruthless town marshal, portrayed by Stephen McNally, who would kill an innocent man rather than jeopardize his record of convictions.

Felicia Farr handles a highly dramatic role as the frontier girl who is kidnapped by Murphy when he makes his first bid for escape after having been taken into custody by McNally. Miss Farr's sterling characterization in the film turns from bitter hate for Murphy to understanding and finally to tender love as she fully realizes his innocence and battles at his side to vindicate him of wrongful murder charges.

volunteer work in the Hospital. Mr. Logue concluded his remarks by stating that Hancock General Hospital would rank with the finest and most modernly equipped hospitals in the state and would certainly be ranked as 'Bay St. Louis' newest industrial venture. He dispensed an informative sheet of facts and figures concerning the Hospital's cost and approximate cost of operation.

After a discussion the membership voted to purchase chair and desk and chair requested, and in order to provide these articles for the Hospital's opening, a collection was made among members present to keep from depleting the Auxiliary's treasury.

Closing prayer was led by Mrs. Wallace Chevis, and the meeting was closed.

Mrs. Robin served coffee and homemade cake to members present.

The next meeting will be held on Monday, June 6th at the home of Mrs. W. Partridge, 103 Sycamore Street, and every woman in Bay St. Louis is urged to join this organization which will be of great benefit to the Hospital and its patients. The membership fee is only \$2.00 and Miss Henrietta Mohr is Membership Chairman.

The Last Voyage To Show At The Star Theatre May 8th and 9th

"The Last Voyage" a motion picture which has received a barrage of publicity and comment even before its release by Metro-Goldwyn-Mayer, due to the extraordinary circumstances of its filming, unfolds a suspense-filled story of the sinking of an ocean liner and the dramatic rescue of its 1,500 passengers, will be shown at the Star Theatre, Sunday and Monday, May 8 and 9.

An Andrew and Virginia Stone Production, in wide screen and color, starring Robert Stack, Dorothy Malone, George Sanders, Edmond O'Brien and six-year-old Tammy Marliugh, the film is unique in the annals of motion picture making. In order to give his story unquestionable realism, writer-director Andrew Stone leased one of the world's most famous ocean liners at a stage in which it was ready for retirement and then proceeded to sink it! The unusual picture was filmed in Japan Sea with practically its entire action photographed either on or alongside the 44,000-ton vessel. The result is one of the most authentic and powerful depictions of a sea disaster ever brought to the screen.

The drama of the sinking, itself—the explosions and fires, the heroism attendant to last-minute rescues—makes "The Last Voyage" an engrossing film. But it is by focusing his drama on the plight of a young husband, whose wife and child are trapped in the wreckage, that Stone has given his narrative heartbreaking impact. Robert Stack plays the husband whose wife (Dorothy Malone) and daughter (Tammy Marliugh) are trapped in their stateroom after the ship's boiler blows up.

Open Meeting Of The Alcoholics Anonymous Friday, May 13th

Persons interested in solving a drinking problem, either for themselves or for someone close to them, are cordially invited to attend an open meeting of Alcoholics Anonymous at the Bay St. Louis Little Theatre on Friday, May 13.

A spokesman for the recently formed Bay St. Louis group of AA said that the principal speaker for the open meeting will be a Baton Rouge salesman who conquered his personal drinking problem and has been continuously sober for more than 22 years.

The local AA group said the meeting will begin at 8 p. m. and

stressed the fact that there will be no charge and that non-alcoholics as well as those with a personal problem will be welcome. The Baton Rouge speaker, Pat O., was for seven years a member of the Louisiana Commission on Alcoholism, and was for three years chairman of the commission. He attended the famous Yale University courses in the study of alcoholism and has twice returned to Yale for refresher courses.

Pat O. is presently the Louisiana delegate to the national conference of AA. He is a trained speaker and those who have heard him report that he has a valuable message for the alcoholic and for those who are seeking to help friends and relatives with a drinking problem.

In addition to the general interested public here, invitations have been extended to church, public and medical leaders to attend the May 13 meeting.

The Bay St. Louis AA group meets regularly at 8 p. m. each Friday at the Parish House of Christ Episcopal church.

Pascagoula Panthers Defeat SSC 14-0

Right-hander Joe Campbell allowed only one hit as he pitched the Pascagoula Panthers to a 14-0 District Eight A-A-A baseball victory over the St. Stanislaus Rockchaws Saturday afternoon at Bay St. Louis.

Campbell fanned eight and walked four as the Panthers of Coach Charles Martin extended their season record to 7-3 and their District Eight chart to 5-2.

The Panthers used walks and St. Stanislaus errors to good advantage in piling up their runs. They collected only five hits off the combined efforts of Finley Hewes and Eddie Pratt but wildness on the part of Rockchaw hurlers opened the gates for the deluge of Panther tallies.

Pascagoula got 18 bases on balls, had one hit batsman and St. Stanislaus committed five miscues. In addition, one Panther reached base on an interference ruling and another was safe at first when the Rockchaw catcher let a called third strike get by him.

Five runs in the third inning opened up the scoring for the Panthers. They added four more
